

Bobcat E55z

£POA

The new Bobcat® E55z is a premium machine combining comfort and performance in a Zero House Swing package. Thanks to Bobcat's traditional high performance, coupled with excellent controllability and superior stability, this excavator feels like an extension of the operator's hands.

Unique comfort features include a new 7" display that enables the operator to work all day without fatigue. The E55z is available with a long-arm option that maximizes dig depth and provides over 6 meters ground clearance and high dump clearance. Potential machine downtime is minimized thanks to a new undercarriage with dual flange rollers, interchangeable tracks, and
